Speech and Language Development	Y	N
Does your child have difficulty talking to or playing with other children? "Look at the ball"		
Is sharing and taking turns difficult for your child?		
Does your child have difficulty maintaining good hygiene or show "gross" behaviors?		
Would your child rather play alone than with others?		
Does your child frequently interrupt others?		
Does your child often look away or avoid eye contact?		
Does your child have difficulty saying hello and goodbye appropriately?		
Does your child have difficulty initiating or maintaining conversations?		
Does your child have difficulty staying on topic or only discuss a few specialized interests?		
Does your child have trouble thinking about how their actions will influence others?		
Does your child have difficulty reading other people's emotions?		
Will your child ignore you or others when playing alone?		
Does your child speak from a "script" (e.g. quoting a movie, respond the same way to questions every time) during social interactions even when it not appropriate?
